

Who are We?

ARYZTA is a global leader in speciality foods. Our food offering spans a wide range of baked sweet and savoury goods and includes: artisan breads, buns and rolls, muffins, frozen cookie dough, laminated dough, donuts, continental pastries and a variety of savoury pizzas and tarts. We sell branded as well as unbranded frozen goods to supermarkets, restaurants and other food outlets. Our brands include Cuisine de France, Klemme, Hiestand, Otis, Le Brea Breads, and Delice de France.

We are based in Switzerland with operations in the Americas, Europe, South East Asia, Australia and New Zealand. Our European Graduate Programme will offer you the opportunity to work with our European businesses and to work across multiple cultures.

What we Offer

We run an 18 month European Graduate Programme with roles in **Operations, Sales & Marketing, IT, Finance, Supply Chain, Engineering, HR, Procurement, Quality, Category Management, and New Product Development.**

- Graduate Orientation to ARYZTA
- One-to-one Coaching
- Mentoring
- Real Role and Responsibility
- External Leadership and Development Support
- Opportunity to work on a variety of business projects

Accounting & Finance Graduate Opportunities

- All Finance graduates are encouraged to study towards a ACA or ACCA qualification and will receive a generous study package including financial assistance and study leave.
- We offer a truly European 18 month Graduate Development Programme and are currently looking for Accounting and Finance Graduates to join our business.
- Our finance functions deal with several key areas including planning, organizing, auditing and accounting for and controlling all of our finances. This area also has the vital function of producing the business financial reports and statements at the end of each year.
- With global operations, Finance and Accounting represents an exciting opportunity for our graduates. We are involved with all financial processes offering the graduate a truly rounded opportunity to experience a global financial function.
- Graduates will gain invaluable experience on-the-job, in building their functional skillset. Leadership development is also supported through external management development modules.

We are looking for Graduates who are:

- Team players
- Excellent people and communication skills
- Passion, integrity and an entrepreneurial spirit
- Strong attention to detail
- Desire to work in a dynamic FMCG environment
- Resilience
- Drive and determination to succeed
- Passion for good food
- Ability to work in a fast paced environment and to tight deadlines
